I am a Software Engineer focused on innovation and continuous learning in web and mobile programming. With strong communication, adaptability, and teamwork skills, I am committed to delivering optimal and efficient technological solutions.

EDUCATION

UNIVERSITAS PENDIDIKAN INDONESIA

2019 - 2023

Bachelor's Degree in Electrical Engineering | GPA: 3.05

EXPERIENCE

PT. Fortress Digital Services

September 2025 – Present

Software Engineer

- Develop and maintain backend services using **Java and Go**, with frontend contributions using **Tapestry** and **Vue**.
- Build **RESTful APIs** and **microservices**, and integrate backend systems with **SOA** based core banking services via **SOAP/XML**, with database support on **PostgreSQL and Redis**.
- Support deployment and operational processes using **CI/CD pipelines**, **Docker**, and **Nginx** for production.
- Collaborate with banking stakeholders to ensure system reliability, security, and compliance with enterprise standards.

PT. Indocyber Global Teknologi

September 2023 – Agustus 2025

Software Engineer

- Develop and maintain backend services using **Java** and **Go** with frontend contributions using **Vue** and **Angular**.
- Build **RESTful APIs** and **microservices**, integrating with **PostgreSQL** and **SQL Server** databases.
- Support deployment and operational processes using **CI/CD pipelines**, **Docker**, and **Nginx** for production.

Dinas Komunikasi dan Informatika Kota Bandung

May 2023 – August 2023

Mobile Developer (Internship)

- Built a prototype emergency application capable of integrating with the **WhatsApp API** and government emergency contacts.

SKILL

Programming & Frameworks

- **Database:** SQL Server, PostgreSQL, MySQL
- **Backend:** Java (Spring Boot, Quarkus), Go (Gin), PHP (Laravel)
- **Frontend:** React, Vue, Angular
- **Mobile Development:** Dart (Flutter)
- **Authentication & Security:** JWT, OAuth2
- **DevOps:** CI/CD Pipelines, Docker, Nginx, Git
- **API Integration:** REST, Microservices, WebSocket

Soft Skills

- Strong verbal and written communication skills.
- Teamwork and cross-functional collaboration.
- Efficient time management and organizational skills.
- Adaptability to new technologies and work environments.
- Analytical and creative problem-solving abilities.

PORTFOLIO

Web Portal

- **Description:** A web portal displaying campus-related information, including an admin page for content management.
- **Link:** <https://sttbd.ac.id/>

Web e-Campus

- **Description:** A web application facilitating academic activities (practices, exam rescheduling, and corrections), payments, and correspondence among students, lecturers, and administrative staff.
- **Link:** <https://e-campus.sttbd.ac.id/>
